---

This prime location, in the heart of Sandton CBD is located opposite a world-class landmark, the Sandton Convention Centre. The building is supplied by x2630KVA and x1300KVA generator as well as fibre optic internet from Seacom. The building has been fitted with LED lights in both the parking and the building itself. The building also holds an addition supply of water with 34,560L on the roof, 34,560L in the basement totaling to 77,760L of stored water within the building. The recently refurbished property is a much sought-after address for local and international companies, as well as international trade missions. It is conveniently located across from Sandton Square and Sandton City Shopping Complex and is easily within distance from the Gautrain Station.
